## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-14 and 16-21 are allowed.
2. The following is an examiner's statement of reasons for allowance: The applicant's invention discloses and novel structure for an epicutaneous test plaster. The test plaster comprising a flexible carrier having an adhesion layer for the test chambers; a plurality of test chambers distributed on the carrier; a removable cover layer covering the test chambers over the entire carrier; wherein each test chamber consists of a support element (which holds a drug for application to the skin) comprising of a support layer and a moisture barrier layer which is secured to the carrier; a frame shaped foam layer secured on top of and embracing the support element, wherein the frame defines the sidewalls of the test chamber and the foam frame has first and second adhesive layers on the top side and bottom side. The prior art of record discloses similar epicutaneous test plasters but none disclose a frame shaped foam plastic layer defining the side walls of the test chamber having adhesive layers on the top and bottom for securing the frame to the skin and the support.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
